

TWIN TOWNS CYCLE TOGETHER

In the Capital of Culture year, we will be spinning the wheel together with our twin city Düsseldorf from 1 to 21 September 2025. In addition, we synchronized our campaign period and with our stories we want to show you what cycling in our cities is all about.

For exciting bike stories and joint activities, check out our blog!

#chemnitzdrehtamradtour2025

The final CITY CYCLING tour will take place on 18 September 2025. This family-friendly ride will once again be accompanied by the police. Further details will be announced closer to the date.

WHAT IS IT ALL ABOUT?

From 1 to 21 September 2025, pedal with your family and friends and collect as many kilometres as possible! Whether you are cycling marathons or a short-distance: the main thing is to cycle in a CO₂-friendly way – for your health, more cycle paths and the environment!

WHO CAN JOIN THE WHEEL?

Anyone who lives, works, studies or belongs to a association in Chemnitz: Join in and spread the word! The more cyclists, the better!

HOW DOES THE APP REGISTRATION WORK?

1. Download the CITY CYCLING app.
2. Select Saxony for „federal state“ and Chemnitz for „Municipality“.
3. Select a team or create a new one.
4. Enter your personal data.
5. Agree to the rules of the game and the privacy policy.

HOW DO WE ENSURE INCLUSIVE?

Inclusion is an important issue for society as a whole, including mobility and climate protection. We want all road users to feel comfortable in Chemnitz. Everyone contributes to this by looking out for each other and showing consideration.

You can also make a practical contribution, for example for wheelchair users: mark difficult places in the free wheelmap at www.wheelmap.org and make the roads of our city more inclusive.

WHAT DO WE WANT TO ACHIEVE?

We want to promote the health of every person, improve the cycle path network, promote climate protection and make our city even more liveable. The CITY CYCLING data helps to make visible the potentials and obstacles for cyclists, scooter riders and wheelchair user. **You too can make a contribution!**
